Re: United States of America vs.
Felipe Raguiden Domanguera,
Cr. No. 04-00061DAE(02)

Dear Mrs. Sameshima:

I see that you have again superseded the Indictment regarding Mr. Domanguera (3rd). Why? You must know that Felipe was not involved in the FedEx importation of the drugs and certainly had **NO** knowledge of the quantity or purity of the drugs. So why do you insist on trying to penalize him on these material issues which you apparently cannot prove at trial? He's a "small-fry"!

I get along **GREAT** with most of the Assistant U.S. Attorneys (other than Tom) and routinely reach reasonable plea agreements, but it seems that you have some sort of personal agenda towards me and my clients such that you overzealously and unfairly prosecute my clients, like Mr. Domanguera. That's why we're having so many problems -- he can't see why you insist that he is as responsible as the others for these drugs and neither do I!

He is willing to plead to possession with intent to distribute an unknown quantity of methamphetamine, but he cannot plead to 1300 plus grams of "ice" as you seem to insist because he did not know either the quantity or purity, or do you claim to have witnesses and/or other evidence that can prove these issues beyond a reasonable doubt?
